Welcome. Our humane organization takes responsibility for orphaned and unwanted pets that might otherwise not have a chance at adoption. Therefore, we seek permanent, loving homes where our “special” pets can live a long, happy, and healthy life.

OUR ADOPTION REQUIREMENTS

- You must be at least **21 years old**.
- You must be willing to spend the time and money needed to feed, house, train and provide medical care for your pet.
- You must be willing to allow an authorized representative to make an adoption follow-up either in person or by phone or email.
- Finally, you must pay a minimum ***adoption donation**. **Please understand that cats need veterinarian care throughout their lives, including yearly booster shots and flea/tick preventative medications. If you cannot afford this donation, you may not be able to afford the cost of appropriate veterinarian care. Please consider this before adopting a cat.**

**IF YOU ARE WILLING TO COMPLY WITH THE ABOVE REQUIREMENTS,
PLEASE COMPLETE THIS FORM AND RETURN IT.**

All cats are spayed or neutered, vaccinated against Distemper and Rabies (when age appropriate), tested for Feline Leukemia (FELV) and treated for fleas, ticks, and ear mites. Additional medications are given as needed and each cat is entitled to a complimentary wellness exam with one of our participating veterinarians within 10 days of their adoption.

All adoption donations are a minimum. Minimum donations range from \$25 to \$150 depending on the age and adoptability of the cat/kitten. See cat descriptions for individual minimum donations.
